With the exception of a few minutes, during which state and city officials welcomed the old soldiers to the city formally and responding reports were made by Commander in-Chief John R. King and others, the sessions today were secret.

It did not take long for the encamp ment delegates to get down to busines After accepting the roll which had been prepared and printed in advance, forto Commander-in-Chief King indica nounced that the aides to former Com who died before the expiration of his term of office, would present a loving cup to the widow of General Blackmar.

#### Addresses of Welcome.

Cook, chairman of the Denver executive committee in charge of mittee in charge of the encampment, At General King's suggestion three cheers were given the speakers. #### Memorial Fund.

Great interest was displayed in the report of General Louis Wagner of Philadelphia, chairman of the Stevenson memorial fund. He said that \$15,-000 had been raised but that he intended to call for further contributions. At this point Zalmon G. Simmons of Kenosha, Wis., who, though not a member of the Grand Army, has al-ways been a warm friend of the organization, was admitted to the hall and caused to be struck off a beautiful bronze emblem for every member of the Grand Army. This evidence of friendship caused a remarkable demonstration of appreciation on the part of the delegates.

## Simmons Headed the List.

General Wagner, at the conclusion of the cheering, arose and asked the delegates to pledge themselves to contribute to the Stevenson memorial fund what they thought they could afford As he was taking his seat, Mr. Simmons asked in a whisper what it would take to place Wisconsin at the nead of the list? "Twenty-five hundred dol lars," replied General Wagner in un restrained tones. "Depend upon me for that amount," responded Mr. Sim-mons. General Wagner again arose and told the delegates of Mr. Simmons generous contribution and a great cheer arose. Others made pledges, some as high as \$1,000 and at the end it was stated that the fund had reached nearly \$22,000,

### Resolutions Referred.

All resolutions today were referred without reading to the resolutions committee, except the one on the death of Commander-in-Chief Blackmar, which was adopted by a rising vote, the members standing with bowed heads. George E. Henry of Massachusetts was chosen assistant adjutant general to succeed Mr. Stilling, elected junior vice commander. The encampment special order for 10 o'clock tomorrow morning and adjourned until that time. ---

# ANOTHER STEP TAKEN BY CHINA IN THE MARCH OF CIVILIZATION

Peking, Sept. 2 (delayed in transmission).—An important edict has been issued in response to the memorial of Yuan Shi Kwan and other prominent men, abolishing examinations for the old system of degrees. By means of this system, established from time immemorial, China has recruited government officers. The idea of obtaining by competitive examination the best educated men is essentially good, but it has been rendered entirely fuille by the knowledge prevents attention to other modern and more useful subjects. Moreover, the posts of honor always falling to the lot of successful candidates thus educated discouraged efforts in the direction of western learning. In future officers will be recruited from the ranks of those educated according to the modern system in schools to be established throughout the country. Examinations will be held in the various schools and not in the central towns as formerly. This edict offers the strongest inducement to the Chinese to acquaint themselves with western learning and will grey. The learning so acquired was entirely useless for practical purposes, while the close study required to attain the
